# THE BEST GETS BETTER

James, Garion, Barbara, William McGovern

Barbara and I would like to thank you for your continued support of the Rinehart brand. As a family owned and operated company, we are thankful for the support and friendships that continue to grow over the years. We are looking forward to another exciting year as the Rinehart family grows, both personally and professionally. The new innovative products for 2017 such as the Pyramid Target, the X-Bow Bag, and the Doloma Bedded Doe Decoy are sure to increase your shooting pleasure. As our family grows, so does our commitment to providing premium quality American made products.

# DECOYS

### RINEHART DECOYS

With its patented design and lifelike movement, Rinehart's Doloma series decoys prove irresistible to big game and predators alike. The unique design combined with the award-winning sculpture arouses even the most weary animal's curiosity. Doloma's compact easy-carry design, lifelike movements, and exclusive Rinehart quiet foam eliminates the competition.

Put your next hunt in motion with Rinehart!

### DECOY FEATURES:

**Buck Decoy**  
4711 | Height 29 1/4" | Length 49"  
Simulated Wt. 135 lb.

**NEW**  
**Bedded Doe Decoy**  
4721 | Height 25 1/2" | Total Length 43"  
Simulated Wt. 95 lb.

### NEW BEDDED DOE DECOY

Cruising bucks take interest when they spot a bedded doe—especially a bedded doe with another competing buck. With its patented easy-carry design, award-winning sculpting and lifelike movement, Rinehart's new Doloma Bedded Doe proves irresistible to monster bucks when paired with the Rinehart Doloma Buck.

**Doe Decoy**  
4701 | Height 29 1/4" | Length 49"  
Simulated Wt. 95 lb.

**Antelope Decoy**

48011 | Height 29 1/4" | Length 49"

**18" Rhino Bag**  
57811 | Height 18" | Width 18" | Depth 12"

**TARGET BAG SCIENCE**

Eliminates Bag Dry Rot

- 1. **Polyester Protection**  
Most UV Stable Protection
- 2. **Polypropylene Wrap**  
Long Term Arrow Durability
- 3. **Plastic Cover**  
Waterproof Barrier
- 4. **Cut Foam Blend**  
Easy arrow removal
- 5. **Burlap Center**  
Arrow Stopping Core

**22" Rhino Bag**  
57211 | Height 22" | Width 22" | Depth 12"

**26" Rhino Bag**  
57611 | Height 26" | Width 26" | Depth 12"

**RINEHART RHINO BAG**

The RhinoBag is superior in construction compared to polypropylene bags that quickly deteriorate from the sun's UV rays. Those bags start out stopping arrows, but they don't hold up to the sunlight and get brittle. The RhinoBag provides superior print quality, and because polyester is UV stable it stays strong in the sun and prevents the polypropylene layer from getting brittle.

**PYRAMID TARGET**

If you're looking for the best, lightweight and portable archery target on the market, the Pyramid Target is the answer. Whether you're wanting to shoot the bow in the backyard or you're in need of a convenient camp target to make sure your setup shoots true before the hunt, the Pyramid will suit your needs perfectly.

**FEATURES:**

- Extreme Lightweight Portability
- Solid Signature Series Foam
- Easy-Carry Handle
- MOA (Minute of Angle) Sight-In Grid

**Pyramid Target**  
19510 | Height 14" | Length 18"

**RFT**

18210 | Diameter 9"

**FEATURES:**

- Extreme Portability
- Solid Signature Series Foam
- Easy-Carry Handle
- Weighted - Always Lands Upright

**RhinoBRUTE**  
18511 | Height 16" | Width 16" | Depth 16"

**RhinoBlock**  
18311 | Height 16" | Width 16" | Depth 13"

**RhinoBlock XL**  
18611 | Height 18" | Width 18" | Depth 13"

**RHINOBLOCK**

Rinehart's award-winning RhinoBlock target sports six sides to choose from – each engineered to meet individual practice needs. Two sides display a 3D deer target zone – one showing the outlined vital areas of a deer, and the other detailing an anatomically correct display of a deer's organs. The remaining four faces of the target are comprised of Rinehart's signature, highly visible target zones – allowing shooters to continue target practice even in low light conditions.

**RHINOBLOCK XL**

The "big brother" of Rinehart's classic RhinoBlock target – the RhinoBlock XL rocks an impressive 18" x 18" target zone while still incorporating Rinehart's renowned Signature Series replaceable insert.

**RHINOBLOCK & XL FEATURES:**

- Patented Replaceable Insert
- 3D Sculpted Deer Vitals
- 40 Target Zones
- Solid Rinehart Signature Series Foam w/Easy Arrow Pull
- Easy-Carry Handle
- 6 Shootable Sides - 2 w/Insert

**X-BOW BAG**

The all new X-Bow Bag features exclusive Dual Layered Power Band Technology to last season after season and stop crossbow arrows traveling up to 450 feet per second. The crossbow-specific MOA Sight-In Grid Target Face makes crossbow sight-in simple and incredibly fast.

**FEATURES:**

- MOA (Minute of Angle) Sight-In Grid Target Face
- 12 Target Dots
- Rinehart Dual Band Technology
- 2 Target Sides
- Easy-Carry Handle
- Designed Specifically For Crossbows
- Rated For Crossbows Up To 450 FPS

**NEW****X-Bow Bag**

57111 | Height 18" | Width 18" | Depth 12"

**TARGET BAG SCIENCE**

The RhinoBag is superior in construction compared to polypropylene bags that quickly deteriorate from the sun's UV rays. Those bags start out stopping arrows, but they don't hold up to the sunlight and get brittle. The RhinoBag provides superior print quality, and because polyester is UV stable it stays strong in the sun and prevents the polypropylene layer from getting brittle.

Eliminates Bag Dry Rot

- 1. Polyester Protection**

- 4. Cut Foam Blend**  
Easy arrow removal
- 5. Burlap Center**  
Arrow Stopping Core

**X-BOW 2 GO**

Made entirely of Rinehart's solid Signature Series Foam, this crossbow target is the perfect combination of durability and versatility. Small enough to take with you for extra practice, but large enough to sight in your crossbow with ease.

- Easy-Carry Handle
- Rated for crossbow speeds of over 500 fps

**X-BOW BRUTE**

The ultimate target for today's high powered crossbows. No matter the speed the X-Bow BRUTE can handle it. Made entirely of Rinehart's solid Signature Series Foam this target performs great. Highly visible shooting spots and built-in easy to carry handle.

- Easy-Carry Handle
- Rated for crossbow speeds of over 500 fps

**X-BOW UNLOADER (XBU)**

The Rinehart XBU measures 9" in diameter and is the perfect tool for safely unloading crossbows. After a full day in the tree stand or following a quick practice session, simply toss the XBU to the ground and shoot - it's that easy!

- Easy-Carry Handle

**NASP™**

The "Teacher Preferred" NASP™ Target from Rinehart is the top choice for archery students – at all levels! This virtually indestructible and weatherproof target has a brightly colored face and is in full compliance with NASP™ regulations. The only one of its kind, the Rinehart NASP™ Target has a low-cost replaceable insert and features a built-in stand that makes set-up and storage simple. As an option for schools that want to keep upkeep cost down the NASP™ target can be ordered with a two-stage insert system that allows the red ring and the yellow ring to be replaced separately.

**NASP™**

Scoring Rings are available for:  
 Alert Deer  
 Alert Turkey  
 Antelope  
 Cinnamon Bear  
 Coyote  
 Standing Stone Sheep

**FITA Wave Target**

19011 | Height 52" | Width 52" | Depth 13"  
 19021 | Insert

**FITA WAVE TARGET**

Rinehart's Wave target system was designed to change the game when it comes to competition range targets. Built using Rinehart's high density Signature Series Foam, this target is designed for the repetitive everyday shooting that a top tier archery range generates. Comprised of four quadrants and five patented Rinehart inserts, no other target can provide the flexibility and durability the Rinehart Wave target can provide. The Rinehart Wave target provides, for the first time, the ability to replace not only the bullseye on a 122cm target, but also the ability to replace the bullseye on all four 40cm targets. This five insert system combined with our high density Signature Series Foam ensures that the Rinehart Wave system will provide a comprehensive target solution for years to come.

**BRICK WALL SYSTEM**

Rinehart has unleashed the most versatile custom back wall mount system in the industry! Sold by the piece, or as a unit, dealers can customize their order to fit their specific needs and purchase as many or as few bricks as needed. Need a wall built from the ground up? You'll have one up in no time when you install the Rinehart Brick Wall system.

These bricks can take countless hits without any signs of tearing or damage. Simply flip the brick or change up the order of the stack to further extend the life of the wall. It's that simple! Each brick measures: 4" tall x 15" deep, and is available in widths of 30" and 48". Rinehart Safety Topper includes all hardware with purchase.

(Base not included)

19411 | Height 14" | Width 14" | Depth 14"

**WOODLAND HUNTER AND WOODLAND 14**

Today's bowhunters need one target that can do it all. Rinehart brings together its award-winning design with its unique FX Foam technology to create cube targets that are an ideal marriage of function, durability, and versatility – all at an unbeatable price. With six shootable sides and over 40 shootable dots, these targets offer the best value on the market.

**FEATURES:**

- Easy - Carry Handle
- Six Sided Shooting
- Over 40 Shootable Dots

**Woodland Hunter**  
16511 | Height 16" | Width 16" | Depth 13"

Shooting 3D's has never felt so real with these Big Game Targets by Rinehart. Signature targets, made of solid Rinehart Signature Series Foam, will outlast your best shots...they may even outlast you!

# WHY RINEHART

Beauty is more than skin deep, especially in the world of high-end archery targets. It's not enough to look great on the outside — you've gotta have what it takes on the inside to withstand a pounding and remain standing tall. From our exclusive solid Signature Series Foam to our unique internal locking insert system, we use only the finest components on all of our targets and decoys. That attention to detail shows, from the first arrow to the last.

## TORTURE TESTED TARGETS

## SOLID HIGH DENSITY RINEHART SIGNATURE SERIES FOAM

Target, heal thyself! Rinehart's exclusive solid, self-healing Signature Series Foam targets can take hit after hit after hit without tearing or other damage. Whether you're shooting fieldpoints, broadheads, or even expandable's, Rinehart lets you take your best shot every time without loss of target integrity or risk of pass-through.

## PATENTED LOCKING INSERTS

Rinehart targets and inserts feature an exclusive solid, self-healing Signature Series Foam, that absorbs countless shots from field points and all styles of broadheads—with minimal degradation to withstand thousands of hard-hitting shots. When the time comes to remove the target insert, the Rinehart exclusive internal locking system and tubing makes replacement fast and easy!

## RINEHART TARGETS SHINE IN ANY WEATHER

Oh deer! After years of exposure to the harshest weather conditions, including blazing sun and freezing temperatures, Rinehart's exclusive arrow-stopping, solid self-healing foam proves to be virtually weatherproof. With colored foam all the way through the target and rugged "Uni-Body" assembly, these 3D targets are ideal for year-round use in the backyard or in the field.

## MADE IN THE U.S.A.

We are dedicated to providing products to our customers that are made right here in Janesville, Wisconsin.

# WHY RINEHART BAGS

## TARGET BAG SCIENCE

Eliminates Bag Dry Rot

The RhinoBag is superior in construction compared to polypropylene bags that quickly deteriorate from the sun's UV rays. Those bags start out stopping arrows, but they don't hold up to the sunlight and get brittle. The RhinoBag provides superior print quality, and because polyester is UV stable it stays strong in the sun and prevents the polypropylene layer from getting brittle.

- 1. Polyester Protection**  
Most UV Stable Protection
- 2. Polypropylene Wrap**  
Long Term Arrow Durability
- 3. Plastic Cover**  
Waterproof Barrier
- 4. Cut Foam Blend**  
Easy arrow removal
- 5. Burlap Center**  
Arrow Stopping Core

## INDOOR TARGET STANDS

Indoor Target Stands offer the flexibility to shoot indoors any time of year, regardless of the type of target you shoot. The Indoor 3D Target Stand is available in four different sizes to accommodate everything from the small Tom Turkey target to the mighty Mountain Goat target, and the Hanging Bag Stand is compatible with all of Rinehart's Bag targets

### FEATURES:

- Bring Targets Indoors for Use All Year
- Holds 3D Targets With 1/2 - Inch Leg Mounting Pipes
- Telescoping Legs Adjust To Fit Target Size
- Solid Steel Construction With Powder Coat Finish
- Protective Feet Caps To Prevent Moving And Floor Damage

Indoor 3D Stand - Small, part # 18736  
 Indoor 3D Stand - Medium, part # 18737  
 Indoor 3D Stand - Large, part # 18738  
 Indoor 3D Stand - XL, part # 18739  
 Hanging Bag Stand, part # 18740
